## SANTIAGO TAKEN.

This Report Received at Cape Haitien, Haiti.

TROOPS' MOVE A SECRET.

The Government Censors Have Succeeded Well In Their Work.

MARINES MAY HAVE LANDED.

A Naval Officer Seen In Washington Pointed Out That, Since the Arrival of the Marine Battalion on the Panther, Sampson Had at His Disposal What He May Regard as a Sufficient Force of Men to Capture Santiago Before the Arrival of Troops—About 2,500 Men He Could Send—Insurgents Might Aid. A Decided Air of Expectation Among Officials at Washington.

CAPE HAITIEN, Haiti, June 10.—A man who arrived here yesterday in a schooner from Turks island, one of the Bahamas, and about 110 miles north of Haiti, said that it was reported there on Tuesday that Santiago de Cuba had been taken by the Americans.

Cable communication between Cape Haitien and Cuba is still interrupted.

WASHINGTON, June 10.—It became apparent yesterday that the war department, through the energetic offices of its censors has succeeded entirely in its

purpose to keep the movements of the United States troops a secret, for, beyond question, at the close of the day it was impossible to learn here where the United States troops which had been for weeks gathering under command of General Shafter in Florida.

It is pointed out by a naval officer that the admiral since the arrival of the marine battalion on the Panther has at his disposal what he may regard as a sufficient force of men to capture Santiago even before the troops arrive. The 800 marines on the Panther added to the marines already with the fleet would make a total of about 1,500 men.

Without impairing the efficiency of his ships, Admiral Sampson could spare 1,000 blue jackets for a landing party, and with this total force of 2,500 men, if the insurgents who have been armed by the United States government do their share, it seems possible for Sampson to capture Santiago at short notice. There seemed to be a very decided air of expectation among the officials who are acquainted with the government's plans in the campaign that almost warranted a conclusion an engagement of some kind was expected yesterday.

KINGSTON, Jamaica, June 10.—Commodore Schley paid a beautiful tribute to the valor of Lieutenant Hobson and the gallant crew of the collier Merrimac as he sat out on the afterdeck of the flagship Brooklyn, lying five miles off Santiago de Cuba, on Sunday afternoon talking with a correspondent. Pointing to the grey walls of Morro Castle, where Lieutenant Hobson and his brave men were said to be incarcerated, the commodore spoke as follows:

"History does not record an act of finer heroism than that of the gallant men who are prisoners over there. I watched the Merrimac as she made her way to the entrance of the harbor, and my heart sank as I saw the perfect hell of fire that fell upon those devoted men. I did not think it was possible one of them could have gone through it alive. They went into the jaws of death. It was Balaklava over again, without the means of defense the light brigade had. Hobson led a forlorn hope without the power to cut his way out. But fortune once more favored the brave, and I hope he will have the recognition and promotion he deserves. His name will live as long as the heroes of the world are remembered."

### Weather Forecast.

Increasing cloudiness with showers and thunder storms; light variable winds.

## LISBON IS WILLING

For Judge Smith to Hold Court In Wellsville.

The Lisbon Patriot of yesterday afternoon says:

"Judge Smith has concluded to hold court for one week in Wellsville to accommodate the attorneys in the southern part of the county. The cases to be heard are court cases only. No jury case will be tried. It is questionable whether a session of court can legally be held out of the county seat, but by agreement of all the parties to the suit, the trial may be held anywhere in the county. The attorneys here are willing to go to Wellsville in order to accommodate their brethren."

## SANTIAGO TAKEN.

This Report Received at Cape Haitien, Haiti.

TROOPS' MOVE A SECRET.

The Government Censors Have Succeeded Well In Their Work.

MARINES MAY HAVE LANDED.

A Naval Officer Seen In Washington Pointed Out That, Since the Arrival of the Marine Battalion on the Panther, Sampson Had at His Disposal What He May Regard as a Sufficient Force of Men to Capture Santiago Before the Arrival of Troops—About 2,500 Men He Could Send—Insurgents Might Aid. A Decided Air of Expectation Among Officials at Washington.

CAPE HAITIEN, Haiti, June 10.—A man who arrived here yesterday in a schooner from Turks island, one of the Bahamas, and about 110 miles north of Haiti, said that it was reported there on Tuesday that Santiago de Cuba had been taken by the Americans.

Cable communication between Cape Haitian and Cuba is still interrupted.

WASHINGTON, June 10.—It became apparent yesterday that the war department, through the energetic offices of its censors has succeeded entirely in its

purpose to keep the movements of the United States troops a secret, for, beyond question, at the close of the day it was impossible to learn here where were the United States troops which had been for weeks gathering under command of General Shafter in Florida.

It is pointed out by a naval officer that the admiral since the arrival of the marine battalion on the Panther has at his disposal what he may regard as a sufficient force of men to capture Santiago even before the troops arrive. The 800 marines on the Panther added to the marines already with the fleet would make a total of about 1,500 men.

Without impairing the efficiency of his ships, Admiral Sampson could spare 1,000 blue jackets for a landing party, and with this total force of 2,500 men, if the insurgents who have been armed by the United States government do their share, it seems possible for Sampson to capture Santiago at short notice. There seemed to be a very decided air of expectation among the officials who are acquainted with the government's plans in the campaign that almost warranted a conclusion an engagement of some kind was expected yesterday.

KINGSTON, Jamaica, June 10.—Commodore Schley paid a beautiful tribute to the valor of Lieutenant Hobson and the gallant crew of the collier Merrimac as he sat out on the afterdeck of the flagship Brooklyn, lying five miles off Santiago de Cuba, on Sunday afternoon talking with a correspondent. Pointing to the grey walls of Morro Castle, where Lieutenant Hobson and his brave men were said to be incarcerated, the commodore spoke as follows:

"History does not record an act of finer heroism than that of the gallant men who are prisoners over there. I watched the Merrimac as she made her way to the entrance of the harbor, and my heart sank as I saw the perfect hell of fire that fell upon those devoted men. I did not think it was possible one of them could have gone through it alive. They went into the jaws of death. It was Balaklava over again, without the means of defense the light brigade had. Hobson led a forlorn hope without the power to cut his way out. But fortune once more favored the brave, and I hope he will have the recognition and promotion he deserves. His name will live as long as the heroes of the world are remembered."

### Weather Forecast.

Increasing cloudiness with showers and thunder storms; light variable winds.

### LISBON IS WILLING

For Judge Smith to Hold Court In Wellsville.

The Lisbon Patriot of yesterday afternoon says:

"Judge Smith has concluded to hold court for one week in Wellsville to accommodate the attorneys in the southern part of the county. The cases to be heard are court cases only. No jury case will be tried. It is questionable whether a session of court can legally be held out of the county seat, but by agreement of all the parties to the suit, the trial may be held anywhere in the county. The attorneys here are willing to go to Wellsville in order to accommodate their brethren."

### A POWERFUL FLEET

Are Taking Care of Our Transports Bound For Cuba.

WASHINGTON, June 10.—[Special]—A powerful fleet to be made up of 16 strong vessels is now assembling in Florida waters for the purpose of conveying troop ships to Cuba.

The entire army, every regiment assigned for the invasion of Cuba, will in a few days be on the island.

### AS A CAPTAIN

Will Colonel Gyger Go Into the Service.

Colonel Gyger, who was for a number of years connected with the Eighth infantry as its commander, and who is well known in this city, yesterday received his commission as captain in the signal corps. He was directed to qualify at once, and await orders.

Colonel Gyger is route agent for the Adams Express company, and lives at Alliance.

### IN GOOD CONDITION.

Doctor Ogden and Officer Burgess Inspected the Town.

Health Officer Ogden and Sanitary Officer Burgess this morning made a thorough inspection of the sanitary condition of the city, and found several places that needed fixing, and ordered the work done at once. They say, however, that the city is in unusually good condition for this time of the year, and they intend to make it still better.

### No Cause For Alarm.

Yesterday afternoon in West Market street, a small black curly dog began frothing at the mouth and started to run down the street.

There was a general scatterment of the people in the street and cries of mad dog were heard, but it was discovered the animal was not dangerous, and there was no cause for alarm.

### Buried Tomorrow.

The funeral of George Anderson, who died at his home in Broadway yesterday from the infirmities of old age, will be held tomorrow afternoon at 2 o'clock. Services will be held at the house, and will be conducted by Dr. J. C. Taggart, of the First U. P. church. Interment will be made in Riverview cemetery.

### Will Not Enlist Now.

The members of S. C. Johnson's militia company met last evening at city hall and drilled on the principal streets for a short time.

Later in the evening a vote was taken and the boys decided to stay with the company and not enlist in the Eighth regiment.

### Work on Jackson Street.

The work of paving Jackson street between Sixth and Seventh streets is progressing very rapidly, and it will be completed before tomorrow evening.

### A Pleasant Event.

The dance given by the Phoenix club last evening at Rock Spring was well attended, and was one of the most pleasant events of the season.

### Will Hear a Case.

The case of Annie Mitcheson against Charles Magill for \$40.40 will be heard before Justice Rose Monday morning at 9 o'clock.

## TRADE IS IMPROVING

That Is the Opinion Among  
Dealers.

### SANITARY WARE ALSO BETTER

It Seems as Though the War Scare Is Passing Away, and the People Who Deal in Crockery Are Once More Getting Down to Business.

The tendency in the crockery trade is better, and dealers have once more commenced to supply themselves with stock. In speaking of the condition of trade China, Glass and Lamps says:

"Crockery sales are increasing, and potters both east and west are not only busier, but more hopeful than for some time past. Imports from abroad, especially in common and medium priced goods, have fallen off at least temporarily, and foreign trade journals are complaining bitterly about the decline of trade in the states. Regular dinner ware, especially all medium and fine decorated goods, are enjoying a good run. Toilet ware of the better shapes and quality, in fine decorations, are large sellers, while novelties, specialties and general ware are all moving with more life than for several weeks past. Sanitary pottery is in good demand, and an increased trade, owing to enlarged building operations, has compelled manufacturers to put on an extra force of men, some of whom are working overtime."

WELLSVILLE.

IT COMES RATHER HIGH

But the Health Department Is Criticized

FOR A NUMBER OF ERRORS

An Open Sewer at Broadway and Fourth Streets Sends Out a Strong Perfume, and Causes People to Complain—All the News of Wellsville.

Wellsville has a nice new lot of health laws, and the officer in charge of that department receives each month \$45 for his labors, but the complaints coming from all parts of town prompt the belief that he is a most expensive luxury.

While complaints come from all parts of the city it seems the greatest trouble is found at the intersection of Fourth and Broadway. It has been a disease breeder for years, and is so notorious that wonder is expressed that it has so long escaped the expensive officer in question. All kinds of filth is permitted to remain in the gutter, and the smell is almost enough to drive anyone from that vicinity. No attempt has been made to remedy the evil, and residents fear the influence of the disease germs sure to breed by the million when the hot rays of the sun begin to do business in earnest.

It may be the matter will be taken to council if the health officer continues to ignore it.

A Lively Boat Race.

A boat race on the river last evening attracted a great deal of attention. The contestants were Watson Lockard and Robert Johnson, John Lockard and Will Sanor. The last pair won although the finish was close.

New Uniforms.

The policemen are arrayed in their new uniforms, and with the stylish bonnets make a splendid appearance. They could not look better, and are attracting much favorable comment.

### "REMEMBER THE MAINE."

THE movement looking to the passage  
 of the Lacey bill is assuming more for-  
 midable proportions every day, and the  
 prospects are that congress will enact it  
 or some suitable substitute. It is a right  
 move, and should be pushed through at  
 once. No one believes in taking away  
 an American citizen's vote.

### COLONEL BRYAN'S FUTURE

Now that the Hon. William J. Bryan  
 has a regiment it is hoped he will be  
 permitted to go to the front, and show  
 the country just what stuff is under the  
 long hair. He wants to represent his  
 party as a presidential candidate again,  
 and this gives him the opportunity. He  
 cannot hope to gain much strength with  
 silver as the issue, look at Oregon, but  
 if he goes into the field and battles man-  
 fully, raises himself to a high position  
 in the hearts of the people, who knows  
 but what he may become a soldier can-  
 didate?

### IMPROVING ROADS.

There is little reason to doubt that  
 council will successfully carry out the  
 task it had undertaken in improving the  
 principal roads leading from the center  
 of the city, but the members should  
 nevertheless keep a sharp lookout for  
 the best material and methods obtain-  
 able. The city has no desire to spend  
 all its money on one section, but it  
 should get as much as possible for the  
 money it does spend. That is business,  
 and it will injure no municipality to  
 inject into its transactions the essence  
 of business principles.

### SUPPRESSING NEWS.

This thing of the government sup-  
 pressing news is most annoying, particu-  
 larly when the censors permit matter to  
 pass through their hands which they  
 know is untrue. It is not fair to the  
 reading public, and is certainly not the  
 right course toward the newspapers of  
 the country. If we are to have censor-  
 ship at all let it be of the most rigid  
 character. Keep back that which is  
 misinformation as well as that which is  
 right, and put an end to the countless  
 number of fake stories circulated every  
 day through the country. They serve  
 no good purpose, and only tend to create  
 discontent when the truth is known.

### THE STATE CONVENTION.

There is nothing to make the state  
 convention a notable gathering this  
 year, beyond the fact that every Repub-  
 lican candidate for congress will be  
 there. A few weeks ago there were  
 rumors of a battle, and it was said the  
 opponents of Senator Hanna would be  
 present doing their best to smite him  
 hip and thigh. Recently, however,  
 those stories have died away, and little  
 attention is now being given them. Per-  
 haps there will be unusual trouble, but  
 the indications point to a peaceful gath-  
 ering when the delegates will nominate  
 a respectable ticket and endorse Presi-  
 dent McKinley and his policy in a  
 splendid set of resolutions. If it happens  
 to prove otherwise there will be any  
 number of surprised politicians.

### Atlantic City Excursions.

Agent Adam Hill has been notified  
 that the company will run an excursion  
 to Atlantic City July 7 and 21 and  
 August 4 and 18. The rate for the  
 round trip from East Liverpool will be  
 \$10, and if enough business can be se-  
 cured a Pullman car will be attached.

## MANY WANT TO ENLIST

Lieutenant Anderson Had a Busy Morning.

A NUMBER WERE REFUSED

Because They Were Married or Had Some One Dependent Upon Them. Thirty-Three Recruits Were Found in a Very Short Time.

Lieutenant Geo. O. Anderson, of Company E, had his hands full this morning taking the names of those young men who desired to enter the service.

Long before 9 o'clock, the hour at which it was announced the recruiting office would be opened at the Phoenix club, a young man stopped at the corner of Fourth and Washington streets. He leaned against the railing, and in a few minutes another came that way. He, too, stopped, and they formed the nucleus around which gathered a crowd. When Lieutenant Anderson was ready for business a crowd of almost 100 had collected.

They were received one after another, and as rapidly as possible their names were taken. The first name on the list was Jack Havelock, of the NEWS REVIEW composing room. He is a resident of Wellsville, and has been anxious for some time to enter the army. He was quickly followed by others and at noon 33 men had been secured.

The lieutenant asked the age, height, weight, color of eyes and hair, whether married or single and where they lived. If the applicant was not five feet six inches in height he was rejected without further ceremony. All were closely questioned regarding their families and if they were married or had any one depending upon them, they were informed the regulations did not allow men who were so hampered. Disappointment was plainly expressed on the face of more than one man as he heard the officer's words and quietly walked away. They knew their case was hopeless, for they could not surmount the few words which told them they could not be soldiers. The successful ones were informed that arrangements had not yet been made for the physical examination, but they would be informed in sufficient time to perform the mustering in within the next few days. Then they went away, every one of them as happy as the day is long.

Lieutenant Anderson resumed his duty this afternoon at 2 o'clock. Meantime parties in Wellsville, East Palestine, and other parts of the county had telephoned to this city after information, and a number of Wellsville boys had come here on the first car. The Phoenix club was filled with a throng of applicants, and the questions were quickly asked, and as quickly answered.

When the recruiting party reached here yesterday Lieutenant Anderson notified Adjutant General Axline of his presence in the city, which meant that orders for the physical examination and the muster roll would be sent from Columbus at once. They did not arrive this morning, but were then expected at noon. They did not arrive and nothing definite will be known until they come.

From the list of applicants this afternoon three were selected and their names taken, making a total of 36 for the day. The office will be closed at 5 o'clock and will open tomorrow morning at 9.

Corporal Ballard, of Company K, has reported that he has opened an office in Alliance and is getting along very well.

### GET OUT YOUR FLAG.

There Should Be More of Them Flying in the City.

Editor NEWS REVIEW:—East Liverpool is a patriotic town for it has reason to be. The government has done much in recognizing its industry and aiding in building up the town. Now the time has come for East Liverpool to stand by the government. We have sent one company of good soldiers and more are about to go. But the people who do not go can do something. They can fly at least one flag from the houses they occupy. I would like to see one floating from every residence in town. Then we would know the sentiment, and the people who come here would feel that we are in reality what the town seems—a hot bed of patriotism. Get out the flags.

OLD GLORY.

### RECOVERED THE WHEEL

And the Man Who Bought It From the Thief Is Out.

The other day the NEWS REVIEW stated that a Lisbon man was coming this way with a stolen bicycle. The sequel of the story appears in the Patriot as follows:

"The bicycle thief who borrowed one from Humes of the Hostetter house a few days ago, and failed to return it, was traced to near East Liverpool, where he sold the wheel to some person for \$5. The thief could not be found, but Mr. Humes got his wheel, and the innocent purchaser now mourns the loss of his money. All should learn to beware of strangers who offer to sell anything far below what it is worth."

### ASKED EVERY DAY.

A Farmer Lad Wanted to Enter the Army.

Several weeks ago a tall, well tanned young man entered the NEWS REVIEW office and asked if it was possible for him to enlist. He was given the information.

A few days ago when the news came from Washington that more men were needed at Camp Alger, he saw it on the bulletin, and early every morning since that time he has been around to see if Lieutenant Anderson had arrived. He probably applied today.

### ON THE RANGE.

Captain Palmer Has Been on a Pleasant Detail.

Captain Palmer has for several days been on the rifle range established on the beach not far from Camp Merritt, California, for the benefit of the Tenth Pennsylvania.

One of the most agreeable duties for a soldier is rifle practice, and Captain Palmer was detailed with Lieutenant Thompson and Private Smith for the purpose of instructing the recruits. Only the best shots in the regiment are selected for that purpose.

### NO FOOTBALL.

Lovers of the Game Must Go Elsewhere For sport.

There is a probability that there will be no football team in the city this year, as the most enthusiastic members of the old Twin Cities are with Company E.

The sport has never paid expenses in the city, but, with an enclosed ground, it will in time be self sustaining. Should there be any games this year they will be played at Columbian park.

### Making Headway.

Work on the new 402 feet platform at the passenger station is progressing rapidly, and the carpenters expect to have it completed by next Wednesday. The new floor was completed to the baggage room today. About half of the work is yet to be done.

Bendheim's are selling men's genuine dongola (not sheep skin) shoes, warranted not to peel off, at \$1.50 a pair.

## FINE POINTS IN LAW

Are Involved In the Grosshans Litigation.

DECISION NOT YET GIVEN

The Sections Upon Which Each Side Rests Its Claims—Statement of the Case—Judge Boone Now Has the Matter Under Advisement.

LISBON, June 10.—[Special]—The argument of counsel in the Grosshans case occupied about two hours last night. Judge Boone has not yet decided the case as it involves questions of law, which have not been passed upon before by a higher court. The judge will examine the case thoroughly before giving his decision. He is satisfied after the testimony of the facts that the application of the law will cause him some hard study.

It will be of interest to NEWS REVIEW readers to have a brief statement of the questions of law that are involved. The plaintiff relies upon sections 3,110 and 3,112 to make the case. Section 3,110 reads: "The husband must support himself, his wife and his minor children out of his property or out of his labor. If he is unable to do so his wife must assist him so far as she is able."

Section 3,112 reads: "A husband and wife may enter into any engagement or transaction with any other person which either might if unmarried."

Mrs. Grosshans says her husband owned a farm in St. Clair township worth \$4,000, and was able to perform the duties in Section 3,110, but since they moved to Liverpool in 1888 she has supported the family by keeping roomers and boarders. Her husband always intended her to have one-half interest in the farm, and she made an express contract with him to that effect Nov. 27, 1897. The defendants, children of the deceased by a former wife, rely on the law to prevent Mrs. Grosshans from collecting the claim. One section says "husband and wife contract toward each other obligations of mutual respect, fidelity and support." Another section says a husband and wife cannot by any contract with each other alter their legal relations.

The defendants claim that even if she did support the family it was her duty, and a contract based on an agreement to do a legal duty is void for want of consideration. They also claim that such a contract would alter the legal relation which conflicts with the law.

Bids will be received for the hotel privilege at Spring Grove Campground until June 15. Hotel is completely furnished and ready for occupancy. Revs. Sam Jones, B. S. Taylor, B. H. Kennedy and other noted speakers have been secured, also a first class orchestra. Meetings will be advertised within a radius of 40 miles and an attendance of 10,000 people is assured. For further particulars call on or address S. T. HERBERT, Secy., East Liverpool, O. Grand Opera House Block.

Child's kid shoes, no shoddy, 5 to 8 for 35c at FRANK, SHUMAKER & Co.

J. Werner, the popular West Market street tailor, has moved to a room directly across the street.

### PERSONAL MENTION.

—Mrs. Percy Frost and son spent the day in Pittsburg.

—Miss Pearl Sebring, of Washington street, left at noon today for Beaver.

—Mr. and Mrs. William Lynch, of Pittsburg, are spending a few days in the city.

—Barney Lindsay, of Steubenville, is spending several days in the city on business.

—Mrs. McFarland and son, of Trentvale street, left last evening for Alliance where they will remain several days, visiting relatives.

—Miss Sarah Moses, of Cleveland, who has been the guest of friends in this city for several weeks left last evening for a brief stay in Cincinnati. She had hoped to make the trip by boat.

—Mrs. F. I. Simmers left last evening for a visit in Washington, where she will be joined by her husband, F. I. Simmers. While there they will call on Mrs. Simmers' brother, Lieutenant Robert T. Hall, of Company E.

—Miss Lucile Jones, who was attached to the corps of teachers at the Central building during the last school year, returned this morning to her home.

Washington C. H. Miss Jones has been ill for several weeks at the residence of Captain Myers, Fifth street.

# On Account of Dust

And rain it is not best to take indoor fittings for outside use. Consequently most people have special floor coverings and seats for their porches.

Cocoa Matting makes a good covering to leave out in all kinds of weather, and is not expensive at 40c a square yard. We have it in 3, 4, 5, and 6 widths and sell any quantity. We also bind the ends when desired.

Rugs make the porch as homelike and tidy as the indoors and don't cost much.

Especially good and cheap are the Japanese Rugs. All sizes from 18x30 up, at 20c sq. foot.

Then for special sizes and shapes we make up Ingrains and Brussels. These cost the regular price per yard, plus the cost of binding, and make handsome floors at a small expense.

## For Seats

We have Settees, either Antique or Red, at \$1.50 each and up, but this year most people are buying Rockers and Chairs, as they are the handiest and most out of the way when not in use.

The Reed Rockers are best for the purpose, as there are not many joints to be affected by the weather and the cost is not much, as we have them from \$1.75 up.

In addition to the Rockers you will also want a few Chairs, and we have a lot of which we have only one, two and three of a kind, which are just the thing and will only cost you about Half-price.

# THE HOTTER IT GETS

The more Matting we sell. It's just what you want for a cheap floor-covering, at \$4.35, \$5.75 and \$8.75 per Roll.

There Should Be More of Them Flying In the City.

Editor NEWS REVIEW:—East Liverpool is a patriotic town for it has reason to be. The government has done much in recognizing its industry and aiding in building up the town. Now the time has come for East Liverpool to stand by the government. We have sent one company of good soldiers and more are about to go. But the people who do not go can do something. They can fly at least one flag from the houses they occupy. I would like to see one floating from every residence in town. Then we would know the sentiment, and the people who come here would feel that we are in reality what the town seems—a hot bed of patriotism. Get out the flags.

## OLD GLORY.

## RECOVERED THE WHEEL

And the Man Who Bought It From the Thief Is Out.

The other day the NEWS REVIEW stated that a Lisbon man was coming this way with a stolen bicycle. The sequel of the story appears in the Patriot as follows:

"The bicycle thief who borrowed one from Humes of the Hostetter house a few days ago, and failed to return it, was traced to near East Liverpool, where he sold the wheel to some person for \$5. The thief could not be found, but Mr. Humes got his wheel, and the innocent purchaser now mourns the loss of his money. All should learn to beware of strangers who offer to sell anything far below what it is worth."

## ASKED EVERY DAY.

A Farmer Lad Wanted to Enter the Army.

Several weeks ago a tall, well tanned young man entered the NEWS REVIEW office and asked if it was possible for him to enlist. He was given the information.

A few days ago when the news came from Washington that more men were needed at Camp Alger, he saw it on the bulletin, and early every morning since that time he has been around to see if Lieutenant Anderson had arrived. He probably applied today.

## ON THE RANGE.

Captain Palmer Has Been on a Pleasant Detail.

Captain Palmer has for several days been on the rifle range established on the beach not far from Camp Merritt, California, for the benefit of the Tenth Pennsylvania.

One of the most agreeable duties for a soldier is rifle practice, and Captain Palmer was detailed with Lieutenant Thompson and Private Smith for the purpose of instructing the recruits. Only the best shots in the regiment are selected for that purpose.

## NO FOOTBALL.

Lovers of the Game Must Go Elsewhere For sport.

There is a probability that there will be no football team in the city this year, as the most enthusiastic members of the old Twin Cities are with Company E.

The sport has never paid expenses in the city, but, with an enclosed ground, it will in time be self sustaining. Should there be any games this year they will be played at Columbian park.

## Making Headway.

Work on the new 402 feet platform at the passenger station is progressing rapidly, and the carpenters expect to have it completed by next Wednesday. The new floor was completed to the baggage room today. About half of the work is yet to be done.

Bendheim's are selling men's genuine dongola (not sheep skin) shoes, warranted not to peel off, at \$1.50 a pair.

# FINE POINTS IN LAW

Are Involved In the Grosshans Litigation.

DECISION NOT YET GIVEN

The Sections Upon Which Each Side Rests Its Claims—Statement of the Case—Judge Boone Now Has the Matter Under Advise-ment.

LISBON, June 10.—[Special]—The argument of counsel in the Grosshans case occupied about two hours last night. Judge Boone has not yet decided the case as it involves questions of law, which have not been passed upon before by a higher court. The judge will examine the case thoroughly before giving his decision. He is satisfied after the testimony of the facts that the application of the law will cause him some hard study.

It will be of interest to NEWS REVIEW readers to have a brief statement of the questions of law that are involved. The plaintiff relies upon sections 3,110 and 3,112 to make the case. Section 3,110 reads: "The husband must support himself, his wife and his minor children out of this property or out of his labor. If he is unable to do so his wife must assist him so far as she is able."

Section 3112 reads: "A husband and wife may enter into any engagement or transaction with any other person which either might if unmarried."

Mrs. Grosshans says her husband owned a farm in St. Clair township worth \$4,000, and was able to perform the duties in Section 3110, but since they moved to Liverpool in 1888 she has supported the family by keeping roomers and boarders. Her husband always intended her to have one-half interest in the farm, and she made an express contract with him to that effect Nov. 27, 1897. The defendants, children of the deceased by a former wife, rely on the law to prevent Mrs. Grosshans from collecting the claim. One section says "husband and wife contract toward each other obligations of mutual respect, fidelity and support." Another section says a husband and wife cannot by any contract with each other alter their legal relations.

The defendants claim that even if she did support the family it was her duty, and a contract based on an agreement to do a legal duty is void for want of consideration. They also claim that such a contract would alter the legal relation which conflicts with the law.

Bids will be received for the hotel privilege at Spring Grove Campground until June 15. Hotel is completely furnished and ready for occupancy. Revs. Sam Jones, B. S. Taylor, B. H. Kennedy and other noted speakers have been secured, also a first class orchestra. Meetings will be advertised within a radius of 40 miles and an attendance of 10,000 people is assured. For further particulars call on or address S. T. HERBERT, Secy., East Liverpool, O. Grand Opera House Block.

# On Account of Dust

And rain it is not best to take indoor fittings for outside use. Consequently most people have special floor coverings and seats for their porches.

Cocoa Matting makes a good covering to leave out in all kinds of weather, and is not expensive at 40c a square yard. We have it in 3, 4, 5, and 6 widths and sell any quantity. We also bind the ends when desired.

Rugs make the porch as homelike and tidy as the indoors and don't cost much.

Especially good and cheap are the Japanese Rugs. All sizes from 18x30 up, at 20c sq. foot.

Then for special sizes and shapes we make up Ingrains and Brussels. These cost the regular price per yard, plus the cost of binding, and make handsome floors at a small expense.

# For Seats

We have Settees, either Antique or Red, at \$1.50 each and up, but this year most people are buying Rockers and Chairs, as they are the handiest and most out of the way when not in use.

The Reed Rockers are best for the purpose, as there are not many joints to be affected by the weather and the cost is not much, as we have them from \$1.75 up.

In addition to the Rockers you will also want a few Chairs, and we have a lot of which we have only one, two and three of a kind, which are just the thing and will only cost you about Half-price.

# THE HOTTER IT GETS

The more Matting we sell. It's just what you want for a cheap floor-covering, at \$4.35, \$5.75 and \$8.75 per Roll.

# A WOMAN WAS DRUNK

When the Police Found Her  
Early This Morning.

## REFUSED TO GIVE HER NAME

A Youth Who Has Been Suspected of Doing Much Thieving During the Past Few Weeks Was Interviewed by the Mayor and Acknowledged a Number of Thefts.

Mayor Bough had much news to give out this morning, and what will be done in the various cases will be heard of some time in the near future.

At 6 o'clock this morning Officer Terrence answered a call from the Thompson pottery and found a woman in an intoxicated condition and sleeping under an apple tree near the bridge. The patrol was called, and with difficulty she was placed in the wagon and taken to jail. Officer Terrence tried repeatedly to find her name, but she refused to talk. At noon the woman was still drunk, and she will be given a hearing when she is sober.

A young man, who has been suspected of petty thieving, was brought to city hall by Officer Grim yesterday, and for almost an hour the mayor talked with him. During the conversation he admitted the taking of four boxes of tobies and three bottles of pop from a Second street store, a freezer of cream from W. B. Hill's residence, some tools from a workman in Fourth street, and his last act, the taking of a cornet from the office of Robert Moore in Second street. The last theft was committed yesterday. He entered Moore's office, secured the instrument, and when still in the room he was frightened, and in running out threw it in a coal pile. It was found later by a crowd of boys playing near by. The cornet is still in the hands of the police. When asked why he had been acting as he had, he said he didn't know, and that he could not tell what prompted him to act so. He was given a severe lecture and released.

His parents are well-to-do people. They are unable to account for their son's action, and have done all they can to correct him but to no effect.

There have been many complaints to the mayor about the discharging of fire works, and all who are caught at it in the future will be arrested. Several runaways have been the result. The authorities have decided that this is the only action to pursue to insure safety.

## PIKES ARE EXPENSIVE

Committee of Council Learned  
Some Things

### REGARDING BUILDING OF ROADS

The Highways of Belmont County Were Inspected, and the Party Returned Home Last Night—Want the People to Express an Opinion.

Mr. Peach, Mr. Challis and Mr. Ashbaugh returned last evening from their junketing trip.

They left here on the morning train, and went to Bridgeport where they met Attorney Ross Alexander, and were referred by him to Recorder Everson, of Belmont county. They then drove to St. Clairsville over the pike, and carefully inspected it on their way. They were very favorably impressed with the splendid condition of the road. When they arrived at St. Clairsville they were furnished much valuable information by Recorder Everson.

Upon their return they were introduced to Doctor Ong secretary of the township trustees of Martin's Ferry. He has assisted in building five pikes leading out of the city. He stated that their roads were piked 16 feet and not one of them had cost less than \$4,000 per mile, while the average cost per year to keep them up was \$115. His opinion was that macadamizing makes very good roads but is somewhat expensive.

The committee will report at the next meeting of council, but will make no recommendations.

Councilman Peach, in speaking of the matter, said: "I believe the most economical way of paving the roads is with brick. We could make a roadway 12 feet wide and make a curb of plank, painted with asbestos paint, and then bank it with stone for a short distance. I do not believe this would cost as much as macadamizing.

"I think the people should tell us what kind of roads they want as this is a big undertaking. We have furnished them the cost of improving the roads and I now believe they should tell us what they want."

### OHIO LAW STUDENTS

Can Take the Examination in the Field.

It developed in the state law examination that ten of the young men who had registered for this examination were not present for the reason that they were with their regiments in the South. The supreme court being unwilling that they should suffer on this account ordered that Paul Holland, who is a member of the examining committee, but not present because he is also connected with the Ohio volunteers, being an officer of the cavalry, should examine the registered students in the field and make his report to the court. The court will issue certificates to the successful applicants just as if they had been examined here.

township trustees of Martin's Ferry. He  
has assisted in building five pikes lead-  
ing out of the city. He stated that their  
roads were piked 16 feet and not one of  
them had cost less than \$4,000 per mile,  
while the average cost per year to keep  
them up was \$115. His opinion was  
that macadamizing makes very good  
roads but is somewhat expensive.

The committee will report at the next  
meeting of council, but will make no  
recommendations.

Councilman Peach, in speaking of the  
matter, said: "I believe the most eco-  
nomical way of paving the roads is with  
brick. We could make a roadway 12  
feet wide and make a curb of plank,  
painted with asbestos paint, and then  
bank it with stone for a short distance.  
I do not believe this would cost as much  
as macadamizing.

"I think the people should tell us what  
kind of roads they want as this is a big  
undertaking. We have furnished them  
the cost of improving the roads and I  
now believe they should tell us what  
they want."

### OHIO LAW STUDENTS

Can Take the Examination In the  
Field.

It developed in the state law exami-  
nation that ten of the young men who  
had registered for this examination  
were not present for the reason that  
they were with their regiments in the  
South. The supreme court being un-  
willing that they should suffer on this  
account ordered that Paul Holland, who  
is a member of the examining commit-  
tee, but not present because he is also  
connected with the Ohio volunteers, be-  
ing an officer of the cavalry, should ex-  
amine the registered students in the  
field and make his report to the court.  
The court will issue certificates to the  
successful applicants just as if they had  
been examined here.
